MISSION STATEMENT

JAMAK Fabrication, Inc. will constantly strive to be the best manufacturing company in the world as measured by our Responsiveness, Creativity, Efficiency and Profitability.

PHILOSOPHY

JAMAK Fabrication, Inc. will utilize team efforts in quality, design, manufacturing and distribution to gain significant market share in a diverse set of products, with a focus on Customer Service, continuous Improvement and Human Resource Development.

ACTIONS

Customer Service: Actively communicate with our customers to fully understand and mutually agree upon their requirements for price, service, quality, and delivery and to meet or exceed those requirements.

Continuous Improvement: Implement actions, based upon quantifiable data, to meet defined improvement goals that positively affect critical business measurements. Prioritize our technical and capital resources to compliment these activities.

Human Resources: Maximize our Human Resources through training, safety, recognition, and responsibility with a dedication to career development and enhancement.

Environment: Recognize our responsibility to maintain a good environment in our workplace as well as our responsibility to enhance the global environment through strict compliance with relevant laws and a commitment to pollution prevention and waste reduction.
